Three Fires.

There were three fires within a period of twenty-four hours in Alexandria, beginning about six o'clock Saturday even-

The first fire was caused by the explosion of a gasoline stove in a house of the corner of Prince and Payne streets. The damage was slight and the flames

were soon extinguished. The second alarm was caused by a more serious conflagration. About one o'clock yesterday morning the stable on the premises of Mr. James McCuen, 600 and 602 south Alfred street, was found to be on fire. Locomotives at the Southern Railway depot sounded an alarm and in a short space of time the department was on the ground and at work. The fire burned stubbornly, but it was extinguished before the building was consumed. The entire second story and contents, consisting of hay and feed were destroyed. The loss will amount to several hundred dollars, and there is no insurance. There were two accidents during the progress of the fire. A tub Norfolk, fell from the upper floor of the stable and struck Mr. John Henderson on the right leg, injuring him so seriously that he was directed by Chief Pettey to be removed to the Alexandria Hospital. Mr. Frank D. Pollard fell on Patrick street and sprained one of his ankles. While the firemen were fighting the fire Mr. Kingston Rate! fle, of the Reliance Wr. Kingston Kate-Re. of the Arianase Fire Company, was with Mr. Joseph Warder and another freman in an upper story of the burning building training the bose on the stable. A brick said to have been thrown into the window struck Mr. Ratcliffe on the side of the face, seriously damaging one of his eyes, cutting his cheek and knocking him down. Mr. Warder ordered the hose to be thrown from the window, and he and his assistant rescued the injured man, Some disorder followed, during which Chlef Pettey, it is alleged, ordered a policeman to arrest a fireman. Another fireman interfered and objected to the purposed arrest on the ground that the man was at work at the fire and under the control of the company to which he belongs. It is also said that the chief's orders were ignored in one instance. During the melee one man was knocked No arrests followed. There are

The third fire was in the loft of the brick stable on the premises of Mr. William B. Smoot, at the southwest corner of Prince and Columbus streets. The alarm was sounded about 2 o'clock. The department responded promptly and soon had the flames under control. The roof and other woodwork on the second story and the contents were consumed. The horses and carriages on the ground floor were removed uninjured. The damage is covered by insurance. Assistaut Foreman George W. Pettey, of Engine Company No. 5, while blinded by smoke and crawling upon the floor of the structure, came in contact with a lot of burning hay and was painfully burned

Wire-tapping Suspected.

The poolroom at St. Asaph's was put out of business Saturday just after the first race at Saratoga had been run, and the management suspects there was an unsuccessful attempt at wire-tapping. The poolroom was isolated, except for some unsatisfactory messages by telephone from the time the wire gave out until after the running of the Great Republic, the fourth race on the card at Saratoga. Effective communication then was estab-lished by telephone with the Western Union office in this city and the reports of other races were received in this way. As an incident of the episode, a mistake in transmitting the news by telephone tend the firemen's convention to be held cost the poolroom management something like \$1,000. When the wire first gave out, and before the regular pool-room operator could be sent to the Western Union office here, there was an attempt to supply the news by telephone, and in some way word reached the pool-room that Delhi had been scratched from the Great Republic. All bets that had been placed on Delhi were refunded, and it was subsequently discovered that Delhi quoted at 8 to 1 in the betting had won the Saratoga classic and in response thing like \$1,000. Yesterday.

The weather was hazy and sultry yes-terday. The day was quiet throughout.
